To protect your health and safety (and ours), we are using online ordering!

Peruse the menu, decide what you would like, and then scan the QR Code below with your smart phone.

To use a QR code: open the Camera App on your smart phone and hover your phone over the square barcode below. A pop-up will appear on your screen. Tap the pop-up and voila! You are ready to select your libations.

Ordering in the Site: Once you have scanned the QR code, you will be able to view the complete menu. Select what beverage you would like.

Then under "Special Instructions," enter whether you would prefer glassware or disposable cups and enter the playing card on your table (e.g. Queen of Hearts) so your server knows where to drop your bottle. The site will prompt you to enter your payment details and allow you to leave a tip.

Sit back and enjoy your drink without having to deal with other pesky humans!
